D. E. CROW REINSTATED AS HEAD OF INFIRMARY

CIVIL SERVICE BOARD FAILS TO AFFIRM CHARGES

Superintendent Resumes Duties Immediately at Former Salary

D. E. Crow, suspended superintendent of the Greene County Infirmary, was reinstated Wednesday morning.

His reinstatement followed receipt here of the decision of the State Civil Service Commission vindicating the Infirmary head of ouster charges filed against him recently by the County Commissioners and heard by the civil service board at the Infirmary last week.

Rollin Swisher and William S. Bundy, members of the board, found evidence introduced at the hearing failed to support the charges of the commissioners. Mr. Crow resumed his duties at the institution Wednesday morning at his former salary of \$100 a month. He will be paid full salary also for the time he was under suspension and during the periods when, under order of the commissioners, he received only \$25 a month and only \$1 a month.

County Commissioners said Wednesday there would be no further action taken against the superintendent and no appeal would be made. Provisions of the decision of the board would be carried out, they said, and the superintendent relieved his temporary successor, M. S. Smith, immediately Wednesday on receipt of the decision.

The decision received by W. L. Miller, attorney for Mr. Crow, said: "This Commission, after careful consideration of evidence adduced in the hearing of the appeal of your client, Mr. David E. Crow, from the order of removal filed by the Board of County Commissioners of Greene County discharging him from the position of superintendent of the Greene County Home, disaffirmed the order of removal and directed that Mr. Crow be reinstated to the position of Superintendent of the Greene County Home at the former salary of \$100 per month." The decision was signed by the State Civil Service Commission, Frank W. Forsythe, secretary.

County commissioners placed Superintendent Crow under fire last October when they reduced his salary to \$25 a month in an effort to force his resignation. Shortly afterward a new resolution was passed, cutting his salary to \$1 a month. The commissioners passed another resolution dismissing Crow as superintendent of the institution December 29, but this move was halted by a restraining order obtained by the superintendent in Common Pleas Court.

County commissioners then retained Attorney Harry D. Smith as counsel, there being no prosecuting attorney at the time. He withdrew the dismissal order and filed twenty-eight charges with the civil service board. The charges included seven specific charges covering four general charges of incompetency, inefficiency, dishonesty and neglect of duty.

The charges included mismanagement of the institution and the farm, giving away of foodstuffs, and other matters. They are said to have grown out of a report of the County Board of Visitors, following complaints of inmates, and were tabulated at a joint meeting of the visiting board with the commissioners when inmates were permitted to testify.

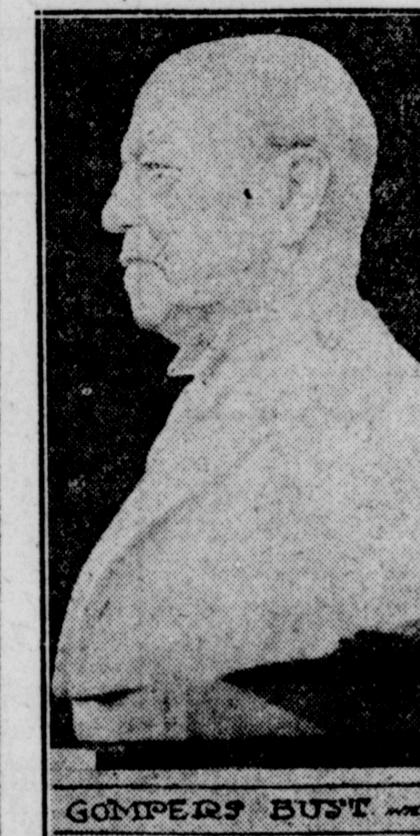

These inmates testified at the public hearing arranged for the civil service board while other inmates testified for the superintendent. Superintendent and Mrs. Crow, who is chief matron, entered emphatic general and specific denials to all charges brought by the commissioners at the hearing.

M. S. Smith, former superintendent, has been acting as superintendent during the time of suspension of the superintendent. He gave up the institution when Mr. Crow was reinstated Wednesday.

PLANT IS MOVED

New Lexington, Jan. 21—Remains of the plant of W. O. Rice Coal Co., coal operators, at Palos, which burned several weeks ago, are being gathered up and sent to West Virginia where the company will open a new mine. This will throw a number of Hocking field miners out of work.

This handsome marble bust of the late Sam Gompers, veteran labor organizer, was presented to the American Federation of Labor at El Paso, Tex., during the convention just before Mr. Gompers died, has been placed as a loan in the new National Museum in Washington. It stands next to the bust of President Harding.

EDWARDS TRIAL WITNESS ADMITS PRISON STIGMA

Testimony Helps Defense
In Effort To Perjure
State's Case

Jersey City, N. J., Jan. 21.—Lionel Wilson, a treasury department agent, who said he saw \$3,800 paid to U. S. Senator Edward I. Edwards, Democrat of New Jersey, for thirty-eight cases of Scotch whiskey, admitted today under cross examination in the Weehawken rum ring trial here today that on one occasion he had been convicted of petit larceny. Counsel for the government, whose witness he is, announced that it was unknown to them when Wilson gave the testimony, that he had been convicted of such an offense.

The admission created surprise in the packed courtroom.

It was given just after court opened and when George T. Vickers, special government prosecutor, was about to sum up his case against the ten Weehawken policemen, William Griffin, accused as director of the alleged rum ring and another civilian, Harry Stearns, of Weehawken, who are on trial.

George Cutley of defense counsel, asked that the summing up be halted to permit him to question Wilson. The treasury agent took the stand. He admitted in answer to a query that he had been convicted on July 13, 1913.

"Were you NOT discharged for robbing coin boxes of the New York Telephone Company?" Cutley asked the witness and later put the question this way:

"Were you NOT discharged for robbing coin boxes of the New York Telephone Company?"

"That was in the complaint," Wilson responded.

"But you were discharged?"

"Yes."

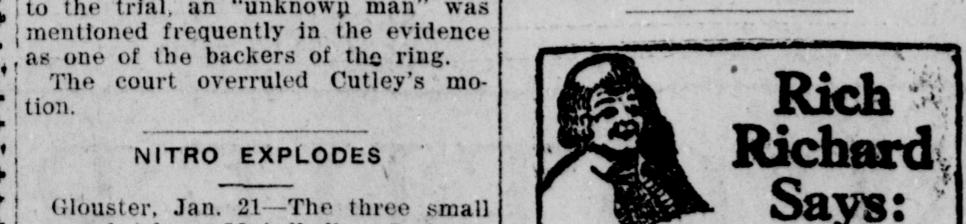

Cutley then moved that the testimony of Wilson and Charles Hurlburt, another treasury department agent, concerning Senator Edwards, be stricken from the record and the jury be instructed to bring in a verdict for the defendant.

The lawyer told the court that the grand jury should have known of the identity of Senator Edwards. Prior to the trial, an "unknown man" was mentioned frequently in the evidence as one of the backers of the ring.

The court overruled Cutley's motion.

NITRO EXPLODES

Glouster, Jan. 21—The three small sons of Adam Majedkella, Jacksonville, found an old nitro-glycerine can near their home. An explosion occurred when one of the children threw a lighted match into the can. All the lads were badly hurt. One may lose a leg.

Think Slayers of Deputy
Surveyor Held In
Springfield

Springfield, O., Jan. 21.—Verne Farley, Hillsboro hardware merchant, here today identified Frank and Harold Darnes, in the county jail here as the men who killed H. P. McGill, Highland County deputy surveyor, and wounded Policeman Edward Lemon, Hillsboro, Tuesday.

The prisoners, who claimed they are not related, claim Cleveland as their home. They are expected to be returned to Hillsboro today. Farley who saw the shooting, said the prisoners are the men who were arrested for robbing his store.

A description of the automobile in which two bandits escaped Tuesday morning at Hillsboro after killing H. P. McGill, deputy county surveyor of Highland County and seriously wounding E. W. Lemon, night patrolman of Hillsboro, broadcast by radio Tuesday, enabled Greene County officials to find the murder car at Bowersville Tuesday noon and led to the arrest of two suspects in Springfield.

The two men, whose descriptions correspond with that furnished by Hillsboro authorities, drove up to the farm house of William Breakfield, near Bowersville, at 11:30 Tuesday morning and asked Breakfield to drive them to Springfield, claiming their machine had broken down.

Breakfield at first refused, but later complied with their request and accompanied by F. T. Stewart of Bowersville took the men to Springfield by way of Clifton.

F. S. Stewart, garageman of Bowersville, on a visit to Breakfield's farm during his absence, noticed the abandoned car, and later heard a radio description of the car. Finding the descriptions tallied, Stewart communicated with Oliver Belden, secretary of the Greene County Auto Club, who notified Sheriff Morris Sharp.

When Mrs. Kathleen Heisler appeared on the stand in the trial of her divorce suit against Charles Heisler, of New York City, she was commended by the Court because she asked only \$35 a week alimony, unlike so many other suing wives.

OFFICIALS ARE HELD IN MURDER OF NAUTCH GIRL

Seven Arrested Include
High Officers of State
of Indore

Bombay, Jan. 21.—Seven officials of the native state of Indore including the aide de camp of the maharajah himself, whose royal favor proved a curse to the beautiful Nautch girl, Mumtaz Begum, were under arrest today in connection with the attack upon the girl and her lover.

Both went immediately to Bowersville and found Breakfield, who had returned from Springfield in the meantime. Questioning by Sheriff Sharp revealed the fact that Breakfield had driven the owners of the car to Springfield.

Springfield and Hillsboro authorities were notified to spread a dragnet for the suspects which led to the arrest of two men in Springfield. They gave their names as Harold and Frank Barnes of Cleveland. They said they were selling furniture polish but had no means of identity.

Hillsboro authorities notified Sheriff Sharp Tuesday night they would come to Bowersville Wednesday to attempt to identify the two suspects being held.

Sheriff Sharp said a search of the stolen machine revealed two revolver bullets, probably fired from a .32 caliber pistol, and a money order receipt which had been partially destroyed.

The name E. Burns was made out, and the receipt was marked Lakewood.

Breakfield described the men as being good looking, well dressed and between the ages of 19 and 24. One was tall and slightly built while the other was probably four inches shorter.

Breakfield said the two strangers sat in the back seat and sang and made merry during the trip. Breakfield declared they appeared happy, but the larger appeared excited and uneasy at times. The smaller man said his name was Burns and he was acquainted in Springfield.

Breakfield declared he drove the pair to the American Restaurant in Springfield where all four had dinner at the expense of the strangers.

They offered to pay Breakfield for the accomodation, he said, but he refused, declaring that when they returned for the car, some settlement might be agreed upon.

The pair were arrested as they were leaving a pawnshop in Springfield, where, detectives learned they had traded two U. S. Army Colt .45 caliber automatics for three smaller automatics and an old revolver.

When questioned by detectives, they declined to discuss their movements or business. Search of their room at the hotel where they had registered during the afternoon, disclosed a few shirts and ties and similar articles of wearing apparel and a hammer. They had money and watches in their clothes when arrested.

BAKERS TO ELECT

Columbus, O., Jan. 21.—Officers are to be chosen today at the annual meeting of the Ohio Bakers' Association here. COMMITTEE OF SENATE TO ACT FOR GOVERNOR

Report of Guard Officers
Said to Have Caused
Investigation

An investigation of the administration of the Ohio Soldiers' and Sailors' Orphans' Home here will be started immediately by the Senate Committee on the institution, it was announced Wednesday in Columbus.

Announcement was made by Senator L. T. Marshall of this city, after the senate had received from Governor Vic Donahay a report made by a special investigating committee appointed by him. Senator Marshall is chairman of the home committee.

Although Superintendent Garver has announced he had requested the investigation, it is actually said to have resulted from an informal probe made by two National Guard officers under the direction of the Governor. In submitting the report to the Senate, Governor Donahay said in his opinion "the situation warranted a fuller and official investigation by a committee of one or both branches of the general assembly."

Senator Marshall announced the report submitted by the officers would not be made public until his committee has started its investigation. The report, upon which the order for an investigation was issued, is said to contain several affidavits and statements bearing on the situation. The nature of the charges to be investigated, has not been divulged either by the governor or the committee chairman.

Superintendent Garver, asked for a statement Wednesday, reiterated a statement given out Tuesday night, in which he was quoted as saying that he had requested the investigation of the Home, following the filing of the report of the guard officers. He also said he asked for an investigation when conferring with Governor Donahay Tuesday afternoon.

Superintendent Garver said the affidavits were obtained from Xenia residents but that the officers never visited the Home. He declined to comment further on the situation other than that he welcomed the investigation, which was entirely in the hands of Senator Marshall.

Governor Donahay's secretary, over long distance telephone from Columbus, Wednesday, denied emphatically the truth of a report current here that the governor had asked Garver for his resignation, Tuesday afternoon.

The present superintendent was appointed four years ago under the regime of former Governor Harry L. Davis, and succeeded J. P. Elton as head of the institution. He is a Spanish-American War Veteran and Mrs. Garver, who is chief matron, is an ex-employee of the institution.

Norfolk, Va., Jan. 21.—The Buxton line passenger and freight steamer Carisco, lying on the James river between Norfolk and Richmond, struck a sand bar near Clairmont and overturned early today but there was no loss of life.

The crew of eighteen men and two women, all the persons aboard the steamer, abandoned the ship before it overturned, according to reports received here.

DOROTHY ELLINGSON ARRAIGNED IN COURT ON MURDER CHARGE HAS HAIR NEWLY BOBBED

San Francisco, Jan. 21—Dorothy Ellingson's battle for freedom was to be taken into court today.

The 16 year old girl, who killed her mother because she wanted to live her own life, was scheduled to face Police Judge Lazarus on charges of malice.

The girl's father, Joseph Ellingson, will be the first witness and on his testimony probably will rest the fate of the girl. "I want her to hang," the broken father said a week ago. Since then he has forgiven and his statement that the girl's age is only 16, was expected.

This will automatically cause transfer of the case to juvenile court, where Dorothy will be arraigned to morrow before Judge Murasky.

Her brother, Earl, visited Dorothy early in the day and brought her a basket of fruit and a bouquet of violets which she selected to wear from

a dozen other gifts of flowers sent by anonymous friends.

Alexander Moslin, San Francisco attorney, now in charge of the case, announced today that he had arranged for a specialist in gland treatments to examine Dorothy. For the first time since the girl's arrest, a statement from the district attorney's office, showed the hand of the prosecution.

It was declared that, should the girl select "mental illness" as her defense, a barrage of expert testimony would be available in contradiction to the claim that the girl did not know right from wrong.

Hundreds gathered in front of the Hall of Justice, and extra police officers were ordered out to handle the crowd.

Appearing to have regained the prettiness and vivacity which made her known in San Francisco's dance halls, as "Peppy Jazz Baby Dot," the girl carefully prepared for her new ordeal.

BRYAN BEQUEST IS UP AGAIN-TO PROBE STATUS OF SISTER

The controversy over the John Bryan farm, in Clark County near Yellow Springs, which has caused much worry to two governors and is now in the hands of the courts, became the principal subject Tuesday in legislative halls.

Mr. Bryan's donation of his 500 acre farm two years ago, was accepted by the legislature which passed a bill of formal acceptance over Governor Donahay's veto. The donation was made with the provision that no religious gatherings be held on the property.

Tuesday the topic was revived by the introduction of a resolution by Representative Thomas L. Tallentire, Cincinnati, providing for an investigation of the liability of the Bryan estate to his sister, Mary V. Bryan, an inmate of Longview Hospital, Cincinnati. The special house committee was named investigators. In Bryan's will, which bequeathed the farm to the state, his sister was left only \$50.

An inquiry to be instigated by the special committee of three appointed by Speaker Silver would seek to ascertain the value of the John Bryan Natural History Reserve as it is known, the condition of Miss Bryan, and the legal and moral obligations, if any, incurred by the State of Ohio to Mary Bryan, by the acceptance of the gift of the 500-acre tract of land.

NEW COD LIVER OIL TASTES LIKE COCOA

After five hundred experiments in America's largest laboratories, there has been perfected cod liver oil in a new easy-to-take form, with the taste of rich cocoa. In Coco Cod, as the preparation is called, all cod liver oil taste is absent, and instead you find a delightful cocoa flavor.

Doctors are prescribing Coco Cod, not alone for men and women who are ill, but for those who are under-nourished. And it is astounding to learn that fully forty percent of patients require actual feeding. The food they eat does not nourish (just as ashes do not feed a fire); they feel tired after the least exertion, and are only half alive.

Coco Cod makes strong, rich, red blood and iron nerves; it makes you feel alive in every fibre—causes you to enjoy life to the fullest as you were meant to enjoy it. Ask your doctor or neighborhood druggist about Coco Cod. All druggists have it. A.D.

New Is the Ideal Time to Build More Paved Highways

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number of states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax payers more for their money.

Now is the ideal time to extend both street and road programs!

TWO PAPERS READ AT JUNIOR CLUB

Members of the Junior Woman's Club were favored with two unusually interesting papers at the meeting held at the home of Mrs. W. H. McGervey, East Second Street, Tuesday afternoon.

Mrs. W. W. Weaver of Cleveland, member of the club was a guest at the meeting, and her annual paper was a feature of the afternoon. She handled her subject "Shelley's Portraiture of Keats—their friendship and their poetry" in a charming manner.

Equally interesting was the paper presented by Mrs. W. R. Harner on "Famous English Portrait Painters and their Models."

Two more papers were the main features of the afternoon, a large number of women attending the meeting.

The club will meet in two weeks at the home of Mrs. B. R. McClellan.

MISSIONARY GIVES TALK TO LOCAL SOCIETY

Miss Eureta Meredith, missionary from the Methodist Church to Peru, South America, who is spending her furlough with her parents, Mr. and Mrs. Edward Meredith near Yellow Springs, gave a splendid address on the mission field before the members of the Young Women's Missionary Society of the Second U. P. Church, at the meeting held at the home of Mrs. James Wagner on North Detroit Street, Saturday afternoon.

Miss Meredith illustrated her talk with costumes from South America, pictures and articles which she brought home.

Sixteen young women enjoyed the meeting, a social hour following the address. Mrs. Wagner was assisted by Mrs. J. Robert Bryson, who led the devotions.

MCGERVEY CLASS MEETS MONDAY NIGHT

Despite the inclement weather of Monday night, fifteen members of McGervey Class of Trinity M. E. Church and seven visitors attended the meeting at the home of Mrs. Lester Buell on East Church Street.

The devotions were led by Mrs. Charles Davis. Each member gave a personal New Year's resolution and then suggested one for the class to adopt in the year's work. The class will attend the evangelistic services being held by Trinity and First M. E. Churches, the next two weeks, at the First church, Monday evening, February 2. The class is to meet in the church vestibule at 7:15 that evening.

A letter was read at the meeting from Mrs. A. J. Chatfield, thanking the members for their Christmas gifts for needy children.

Mrs. Buell served a refreshment course, assisted by Mrs. Edward Meahl, Mrs. Wilbur Weaver, Mrs. Emery Beal and Mrs. J. W. Matthews.

CLUB MEMBERS AT SURPRISE PARTY

Mrs. Robert Shaw entertained the J. S. Club at her home in the Messenger Apartments, Saturday evening, honoring Mr. Shaw's birthday.

The guests assembled at the Shaw home while Mr. and Mrs. Shaw were at the theater, thereby staging a complete surprise on Mr. Shaw.

Games and contests were enjoyed, the prizes being won by Mrs. Hugh Barnes, Mrs. Robert Marshall, Mr. Homer Mansfield and Mr. Charles King.

Mr. Shaw was presented a lovely gift by the club members. Late in the evening ice cream and cake were served.

BAPTIST MISSION MEETING TUESDAY

Mrs. Carl Van Horn entertained the women at the missionary meeting of the First Baptist Church, at her home on South Detroit Street, Tuesday afternoon at 2 o'clock.

A good attendance marked the afternoon. Mrs. C. L. Ganger of Dayton, gave an interesting talk on China. After the meeting a delicious course of refreshments was served by the hostess.

ENTERTAIN AT CARDS

Mrs. Charles A. Kelble and Miss Gladys Kelble entertained guests for three tables of five hundred at their home on West Church Street, Tuesday afternoon.

After cards a sumptuous refreshment course was served.

Mr. and Mrs. Clarence Schmidt of Springfield are the parents of a daughter born at the Springfield City Hospital, Tuesday afternoon. The child will be named after her two grandmothers, Mary Ella Nora. Mr. Schmidt is the son of Mr. and Mrs. H. E. Schmidt, North King Street.

The Rev. C. P. Proudfit, pastor of the Second U. P. Church, returned Tuesday night from Pittsburgh, Pa., where he went Monday to attend a meeting of the General Council.

KARL R. BABB RE-ELECTED HEAD OF SOCIAL SERVICE LEAGUE TUESDAY AT MEETING; REV. TURLEY SPEAKS

Karl R. Babb was re-elected president of the Social Service League, at the business meeting following the annual banquet, launching the drive for funds at Central High School, Tuesday night. Mr. Babb was elected to head the league last year and his success led in his re-election.

Vice-presidents elected at the meeting are: Dr. B. R. McClellan, Mrs. J. B. Carruthers, Miss Bertha Trebien, Mrs. Emma McCalmon, Miss Carrie Hypes, Mrs. C. L. Spencer, Mrs. W. B. Chew, Mrs. Walter Haner, E. R. Bryant, City Manager S. O. Hale, George C. Stokes, and Dr. J. R. Moore.

The Rev. V. F. Brown, who served as president of the league for several years, was made president emeritus at the annual meeting last year. Miss Allegra Hawes was elected secretary. Miss Clara Wright, assistant secretary and Frank F. Keyes treasurer.

The committee on nominations is composed of Miss Margaret H. Moorehead, Mrs. Paul D. Espy and C. W. Adair.

The Rev. Charles E. Turley, Dayton, was the principal speaker at the meeting.

He took for his subject "What Are We Here For?" and brought out the necessity for team work in city welfare work as in other successful lines of endeavor. He cleverly illustrated his talk with amusing stories.

He cited instances of cooperation and team work in big undertakings and spoke of the necessity for combined effort in the drive for funds of the Social Service League.

Another need for healthy community life is the fostering and encouragement of the spirit of democracy, the speaker declared.

"A true democracy means that everyone contributes his best to the good of the community," the speaker declared. It means that every man and woman is respected that every his station, creed or ethics may be.

"A true democracy combats social prejudices, injustices and hatreds. It seeks to promote good will in a community," he said.

Covers for between 225 and 250 people were laid at the banquet, served by Mrs. Pearl Wolf, manager of the Central High School cafeteria. The tables were prettily decorated with flowers and lighted tapers and a delicious two course dinner was served.

The annual business meeting of the league was held in the Jean B. Elwell auditorium, after the banquet. President Babb acted as chairman.

XENIA SECOND IN VISITORS DURING TELEPHONE WEEK

"Telephone Week" will go down as one of the most successful events ever attempted by the Ohio Bell Telephone Company in this state, it is said.

Fourteen hundred persons visited the local exchange during the week just passed, a new record for visitors, according to H. W. Cleaver, local commercial manager of the company.

During the week, 363,000 persons inspected telephone offices in the Southern division, of which this exchange is a part, the figures show.

More than 124,000 people visited the various exchanges operated by the Ohio Bell in the state to which can be added thousands, the exact figures being unknown, of visitors to Ohio independent telephone offices.

The Southern division of which this city is a part, ranked second in the total number of visitors while this city ranked second in the division, according to the ratio of population.

Although "Telephone Week," as an official visiting period to telephone offices, has passed, visitors to the local exchange will be just as welcome now as they were during that time, according to Manager Cleaver.

"We want the people of Greene County to feel that our offices are always open for inspection during the day or early evening," Manager Cleaver said. "Telephone week" was arranged to impress on our subscribers and

others, who might be interested, the tremendous task of operating a telephone system and from the expressions given by our visitors, we believe we have succeeded.

Manager Cleaver said he had received a number of congratulatory messages from high officials of the Ohio Bell, praising this city as well as its corps of telephone workers for the showing made during the last week.

BANDITS

An official of Highland County, assisting a merchant policeman of the village of Hillsboro, was shot and killed by two bandits he had helped to arrest.

Now it happens that the officers had arrested these men some miles in the country, had searched them for weapons, had found one pistol and had brought them back to Hillsboro with the intention of locking them up in the County Jail, without entertaining any apprehension whatever.

It is time for the peace officers of the cities, villages and counties to realize that in dealing with the after-the-war-bandit, they are dealing with men absolutely desperate in character, ready to kill on a moment's notice and having little regard for human life.

The officers should deal with them in like. They should take no chances, should be prepared to shoot immediately in defense of their lives and should not fail to shackle prisoners placed under arrest.

When the lawfully constituted officers begin to use their guns as dexterously as the bandits they are seeking, there will be less of banditry abroad.

BOSSES

The marble head of Augustus Caesar has been dredged up from the bed of the Hudson River.

And this head, being that of a Roman political boss, may be compared with the political bosses of today.

Now then in the days when the man whose marble replica has been discovered was ruling Rome, he exerted his authority with an iron hand and an autocratic show of power. His superiority was absolute and his commands law.

Since then the world has changed considerably but the changes have been social and scientific, rather than political. The political boss, with his autocratic sway of power is still here, so that Caesar, though dead many years, still lives in him.

Carlyle has said that of all tyrannies, that of an irresponsible legislative assembly of six hundred members was the least susceptible. He was referring to the French assembly but held the same opinion of all.

Perhaps Carlyle was right. In many states of the union now the assembling of legislatures is greeted only by uneasy apprehension upon the part of citizens, who hope that the body will soon conclude its deliberations and go home.

Which indicates that the dead hand of Caesar may be directing the course of the assemblies elected to represent the people.

THE LOST LEADER

Surprise and resentment seem to have been evoked in some third party quarters, especially among the Socialists, at the very apparent indifference of Senator LaFollette to the fate of the great uplift movement he headed in the last campaign, and of course to the fate of humanity itself. Mr. LaFollette having to choose between attendance at the third party conference at Chicago next month and a holiday in Florida, chose Florida.

This probably is black ingratitude, but that is not a quality that should particularly startle the seasoned politicians who bared their breasts with Mr. LaFollette last year. Leading a political hope with a brass band is one thing, and picking up the pieces after the battle is another. Mr. LaFollette is not now running for President, nor is he likely to do so again. His interest in the future of the third party is not therefore of that white heat intensity that at one time characterized it. One can whip up considerable excitement about the future when it happens to be one's own future, but when it is a question merely of the future of a party that one is not likely to lead again, it's a horse of a different color.

Anybody who thinks the third party has a future can go to bleak Chicago and help shape it; but as for Mr. LaFollette, he will be basking in the sunshine and romping with the wanton breezes of laughing Florida. The future is a bit abstract, a trifle academic compared to the tangible present. Besides, the late election showed the third party, even if it has a future, must remain a third party, whereas Mr. LaFollette thought it might be a second party or even a first.

The Chicago conference will meet in sadness and sit in gloom. It will have no party and no leader, but to offset these disadvantages it ought to have a considerable quantity of that wisdom that is born of experience. It won't have Mr. LaFollette but it will still have humanity to look out for. And when it next picks a leader it will see the desirability of picking one whose interest in the future is not wholly personal—who will at least give humanity an even break with his own political ambitions.—Kansas City Star.

The normal man thinks he is a great help about the house if he empties his own ash trays.—Akron, O., Beacon-Journal.

HUMAN NATURE

There shall be laughter after we have gone,
There shall be lights as brilliant as these,
And just as many merry melodies as these,
As these tonight which keep us dancing on;
Fresh youthful faces there shall be to look upon,
Lovers shall burn with eagerness to size,
Their queens of beauty, and shall strive to please,
And win their favor just as we have done.
Customs and fashions may a little change,
Manners may alter with the passing years,
But graybeard Time shall never dis-
tance,
Life's steady flow of laughter and of tears.
Man shall be man and woman shall be woman.

THE STATES REFUSE TO LET UNCLE SAM SOLVE THE CHILD LABOR PROBLEM

thickness and dot with still another tablespoon of butter, once more folding on half over the other, and pressing edges together. Again roll the dough but this last time much thinner (about one-eighth inch in thickness).

Take a cutter which measures five inches in diameter (a pot-cover will do or the cover of a coffee can) and cut out eight round circles. Put a heaping tablespoon of the following hash on one-half of each circle, and fold the other half of the circle over. Wet edges to make the dough stick in this folded shape.

Lamb Filling for Rissoles: To make eight rissoles you will need two cups of cold cooked lamb measured after being put through your food chopper. Moisten the meat with enough tomato catsup to make a dry paste. If you have a few peas add these. Bread crumbs could be added in place of some of the chopped meat.

To Bake Rissoles: Line two layer-cake pans with a circular piece of heavy brown paper. Each pan will hold four rissoles without crowding. Have your oven very hot and keep it hot during the entire 25 minutes which is required to bake rissoles. Take them from the oven and wrap them at once in a clean towel or napkin (this softens them for they steam themselves inside the napkin). Serve while still hot and they will be tender and flaky.

They should be brown when done. Tomorrow—Unfringed Lamp Shades.

For the sake of Bride Readers.

I will explain that "rissoles" are very

much like Apple Turnovers in appear-

ance only smaller; they have a

pastry covering but the filling, in-

stead of fruit is meat. Any kind of

left-over meat can be used (made

into hash) but as today's menu calls

for Lamb Rissoles (because the

housewife will have lamb left-over

from last night's dinner) I am

giving the following lamb-rissole

receipt:

To Make the Pastry Part: Put one

cup of bread flour into a bowl and

work into it, with your finger-tips,

one tablespoon of butter. Now stir in

one-half cup of cold water and toss

the dough onto a slightly-floured

bread board and roll it out to one-

fourth inch in thickness, trying to

roll it in a circular shape. Dot this

dough with another tablespoon of

butter, then fold one half of the

dough over the other half and press

the edges together so as to enclose

as much air as possible. Roll dough

out again to one-fourth inch in

thickness and dot with still another

tablespoon of butter, once more folding

on half over the other, and pressing edges together. Again roll the dough but this last time much thinner (about one-eighth inch in thickness).

Take a cutter which measures five

inches in diameter (a pot-cover will

do or the cover of a coffee can)

and cut out eight round circles. Put

a heaping tablespoon of the follow-

ing hash on one-half of each circle,

and fold the other half of the circle

over. Wet edges to make the dough

stick in this folded shape.

Lamb Filling for Rissoles: To

make eight rissoles you will need

two cups of cold cooked lamb mea-

sured after being put through your

food chopper. Moisten the meat with

enough tomato catsup to make a

dry paste. If you have a few peas

add these. Bread crumbs could be

added in place of some of the chopp-

ed meat.

To Bake Rissoles: Line two layer-

cake pans with a circular piece of

heavy brown paper. Each pan will

hold four rissoles without crowding.

Have your oven very hot and keep

it hot during the entire 25 minutes

which is required to bake rissoles.

Take them from the oven and wrap

THE SOMETIMES SAD AND SILENT TREES

On the walls of my library is a lovely picture. Two-thirds of the space in the frame is taken up with a tree. The leaves have withered, have spent their gorgeous coloring up, a dead and vanished autumn.

But somehow I can feel the lingering moments of the mild and mellow winds that were so gently kissed by the swish of these falling leaves as they said goodby to their parent branches.

LECTURER OF STATE GRANGE ADDRESSES GRANGERS IN XENIA

Officers of the Greene County Granges met with G. I. Lewis, lecturer of the Ohio State Grange for an open discussion on problems confronting the organization, in the Assembly room of the Court House, in the town.

Five of the eight Granges in the county were represented by their masters, lecturers, secretaries and other members, and an outline of the coming year's work was suggested by Mr. Lewis.

He urged the officers of each grange to hold a meeting in the near future and stressed the importance of close co-operation between the master and the lecturer of each Grange, in arranging the programs.

He spoke of the management of the Ohio State Fair, how an effort is being made to "play up" the agricultural exhibits and shows and to discourage the commercial and gambling side of the annual state exhibit.

Short talks were given during the day by Greene County Grangers.

Every Grange in the county has now a subordinate Grange, with the organization of a Juvenile Grange in Spring Valley, Tuesday night, by Mrs. S. H. Shawhan, Beaver Creek, Greene County Juvenile Grange Deputy.

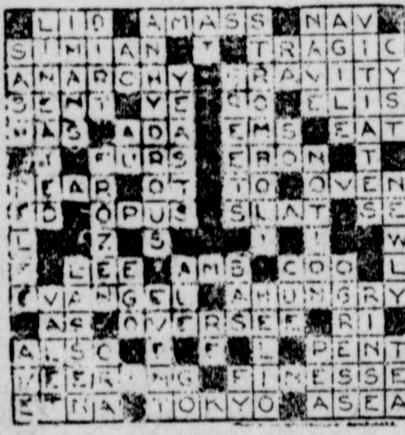

The Spring Valley Juvenile Grange was organized with nineteen members. The meeting was held in the community room.

RECOVER AUTO

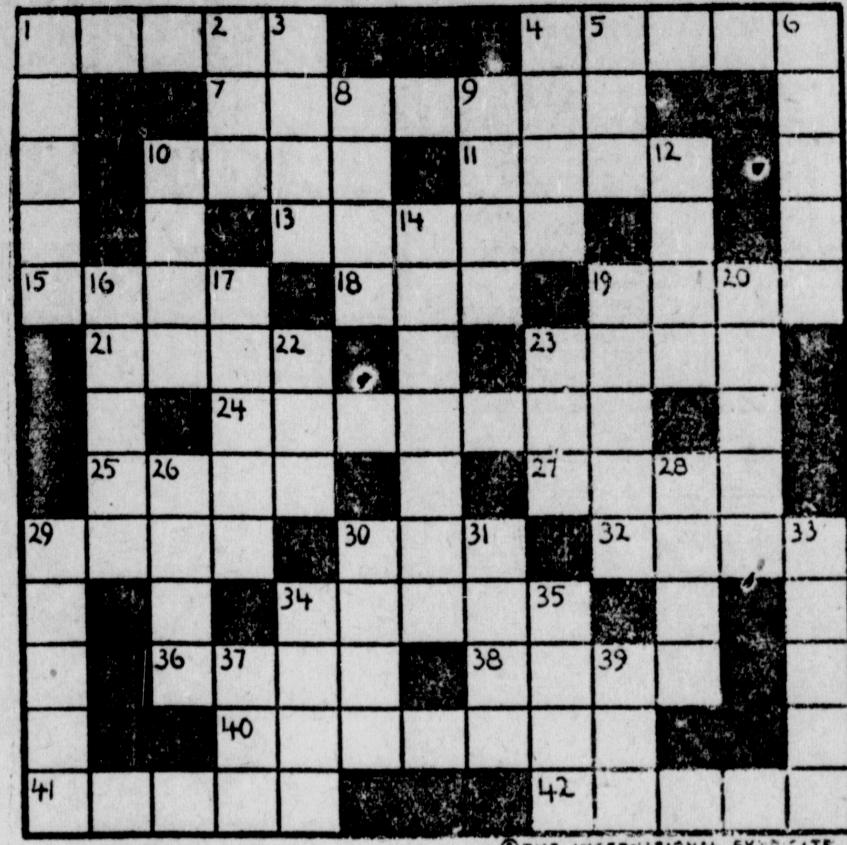

A Buick touring car owned by Lester Harner, this city, stolen from where it was parked nearly two weeks ago in front of the Central High School building, East Church Street, was discovered early Wednesday morning abandoned at Washington C. H.

The machine had suffered no damage whatever, when discovered by the sheriff of Fayette County. Oliver Belden, secretary of the Greene County Auto Club went to Washington Wednesday to bring the car to Xenia and return it to its owner.

Your Income Tax

To determine net income upon which the tax is assessed, the taxpayers must first compute his gross income. Regardless of the amount of net income a return is requested of every individual whose gross income for 1924 was \$5,000 or more. Gross income to the income tax under the revenue act of 1924, "includes in general compensation for personal and professional services business income, profits from sales of and dealings in property, interest, rent, dividends, and gains, profits, and income derived from any source whatever, unless exempt from tax by law." Net income is gross income, less certain specified deductions for business expenses, losses, bad debts, depreciation of business property, gifts, etc. to be fully explained later.

Taxpayers may be divided into four general classes—the wage earner or salaried class, business, professional, and agricultural. All compensation for personal service received by a salaried person or earner is income, including commissions paid retired employees, and tips.

The gross income of the usual business consists of the gross profits on sales, together with income from investments and incidental or outside operation or source. The return must show the gross sales, purchases and

come correctly in any business in which the production, purchase or sale of merchandise is an income-producing factor, inventories are necessary at the beginning and end of each taxable year.

The lawyer, doctor, architect, author, dentist, clergyman or other professional man must include all fees, salaries and compensation for professional services.

The farmer is required to report as gross income all profits derived from the sale or exchange of farm products and livestocks, whether produced on the farm or purchased and resold and income from other sources. The market value of merchandise or groceries exchanged for farm products must be included; also profits from renting a farm on the crop-sharing basis, and the rental and sale of farm lands.

SWEET CLOVER IS GAINING IN FAVOR

With the price of red clover seed soaring skyward, many farmers are turning their thoughts toward crops which are less expensive to seed, according to Ford S. Prince, county agricultural agent.

"Sweet clover seed can be purchased for less than half the price of red clover and will go almost as far, so that if a farmer's soil will grow sweet clover, this is a good year to try it out," Mr. Price said.

Questions concerning the seeding, harvesting and use of sweet clover are to be discussed at a series of meetings which will be held in Greene County during the week of January 26 to 31, for the express purpose of getting local farmers acquainted with the crop which is this year much more economical to sow than red clover.

Mrs. Myrtle Lackey has closed her house for an indefinite time and gone to Massillon, O., to care for a sister who is suffering a broken hip.

Mr. Ralph Ferguson of O. S. U. spent Saturday and Sunday with his parents.

Mr. and Mrs. Robert Fritz spent Sunday in Circleville.

Miss Florence Orcutt and Mr. John Shields of London visited Miss Orcutt's cousin, Mrs. Bevan on Sunday.

The Union meetings of the churches as a week of prayer will continue through this, the third week.

Miss Eloise Farquhar entertained for the week end, Miss Loretta Rinker and Miss Helen Summers, teaches in Cedarville public school.

Mr. and Mrs. W. E. Reid and daughter spent Sunday with Mr. and Mrs. Foster Horney.

Mr. and Mrs. Willis French were visitors Sunday of Mr. and Mrs. Joseph Armstrong of Jeffersontown.

Mr. and Mrs. Malcolm McDonald and Mr. Sidney McDonald of Columbus were guests Sunday at the home of John Doster.

ADULTS CAN SPELL

Flushing, Jan. 21—Adults are better spellers than present day scholars. At least, this proved to be the case at a parent Teachers meeting here. An old-fashioned spelling bee was held parents arrayed against pupils. Mrs. Ellsworth Brown and Mrs. Carl Kirk were standing after the last pupil went to defeat.

When freight car loadings run 1,000,000,000 per week or more it indicates business prosperity, as a rule.

In the average week there are 948,000 cars loaded on American railroads. This takes care of the normal business of the nation. A sudden jump to one million cars, or more, per week shows a great pick-up in business because it takes a great deal of business to necessitate the use of 52,000 more freight cars than were used the week before.

Such a jump took place during the middle part of September when car loadings shot up to 1,061,424 cars for the week ending September 12 and held steady for the week ending September 20; shortly thereafter there was a noticeable pick-up in business all over the country.

"Million car" weeks boom prosperity all around, because, in the first place, they help out a basic industry, the railroads. Just what the value of the additional 52,000 cars is cannot even be estimated, though it would certainly be a huge figure.

If there are three or four "million car" weeks in a row it is almost certain sign that a buying power and a buying confidence of extraordinary force is returning to the public.

CABLE LINKS SPAIN AND U. S.

Madrid, Jan. 21—Beginning tomorrow, Spain will be connected by direct cable with the United States for the first time in history. The cable, from Malaga to the Azores and thence to America, eventually will be extended to Anzio, thirty miles southeast of Rome, thus inaugurating direct cable connection between Italy and the United States. Later the line will be continued to South America.

ICE CREAM MEN MEET

Cleveland, Jan. 21—Plans for a national advertising campaign and the situation regarding a proposed national ice cream standard will be discussed at the annual meeting of the Ohio Association of Ice Cream Manufacturers here January 27-28. The program calls for addresses by H. W. Swindler, St. Louis, chairman of the national advertising committee, and B. F. Hovey, Schenectady, N. Y., president of the national association.

Its coolness and mellow
"body" are a revelation
to pipe smokers

Back about 1870, James N. Wellman developed a secret tobacco process which won instant and widespread favor. It yielded a fuller-bodied richness, mildness and fragrance which just seemed to "go" with a pipe. No one else ever knew his secret until we acquired "Wellman's Method" and by its means made "Granger Rough Cut."

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrup, and saves about 5¢. Easily and quickly prepared.

If you combined the curative properties of every kind of "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the noisy throat, tickles and heals the sore, irritated membranes sooths and eases that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to treat severe coughs.

To avoid disappointment, ask your druggist for 2½ ounces of Pinex with full directions, and don't give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

TOTAL ECLIPSE OF SUN TO BE VISIBLE HERE JANUARY 24

January 24, 1925 will occur a total eclipse of the sun in the most densely populated part of the U. S. and Canada. An eclipse of the sun takes place when the moon, in its path around the earth, comes directly between the earth and the sun. On this date the sun will be wholly obscured over a narrow strip of territory lying between Duluth, Minn., and New Haven, Conn. The total eclipse begins at sunrise just east of Red Lake northwest of Duluth. The initial width of the eclipse track will be about eighty-five miles. As it moves eastward at the speed of thirty miles a minute the belt of totality will gradually widen until it is about 115 miles wide when it reaches the Atlantic Ocean. The dark band will then speed across the ocean until it is lost at sunset near the Shetland Islands.

The center of the path of totality will pass over Escanaba, Mich., Buffalo, N. Y. and New Haven, Conn. Anyone located within 40 miles of a curved line drawn through these points will be able to see the total eclipse. If the sky is clear, totality begins a few minutes after 9:00 a. m. Eastern Standard Time and will last only two minutes at New Haven while it will be over in less than half of a minute at Duluth.

The sky is clear more than ten million people living in the eclipse track will be given an opportunity to observe the grandest of all natural phenomena. Since anyone place on the earth has a total eclipse of the sun on the average of once in 260 years, everyone in this part of the country should see this eclipse if it is at all possible. Only four total solar eclipses will be visible in the U. S. in the next century.

Outside of the path of totality the eclipse will be seen only in its partial phases. At Cleveland it will be 97 per cent, at Toledo 96 per cent, at Columbus and Newark 94 per cent, at Athens 92 per cent, and at Cincinnati 91 per cent total.

A United States Army air plane will race the shadow of the moon partly across New York State. Photographs of the sun's flaming corona will be taken by a specially designed camera. Several other planes as well as the dirigible Shenandoah and Los Angeles will probably be used to observe the eclipse.

The Scientific American has invited radio fans located in and near the path of totality to make a study of the shadow as far as it affects receiving conditions. Radios will play a leading part in the study of this eclipse. It is possible that some change may be noted in magnetic and electric conditions of the earth. Static may be affected during the eclipse.

In 1923 during the total eclipse of the sun visible in California radio listeners noticed some peculiar findings and strengthenings of signals.

Radio fans may find out more about the eclipse by tuning on Wednesday evening at nine o'clock, January 21, WTAM Cleveland, Ohio, at which time Prof. O. L. Dusethimer's lecture on "The Solar Eclipse of January, 1925" will be broadcasted from the Plain Dealer Studio.

The Cleveland Astronomical Society is sponsoring a special train to go to Buffalo, leaving Cleveland at 6:25 P. M. January 23, in order that those may be seen in the belt of totality. Those interested in making this trip may make reservations through Prof. Dusethimer, Baldwin-Wallace College, Berea, Ohio.

CAROL WILLOUGHBY, and finds herself enrolled to help Carol's husband.

KEITH WILLOUGHBY, in his efforts to interest

GREGORY HEWITT, a famous flaneur, in his affairs. Hewitt falls in love with Patricia, and for Keith's sake she cannot refuse to join a western camping trip arranged by him.

TODAY'S INSTALMENT

XL—FATE TAKES A HAND

It was an ideal day for riding, and as the four of them started out on the sure-footed ponies, Patricia noted with pleasure that lunch-packs had been strapped on the saddles.

"What a glorious day for a picnic!" she remarked, noting as usual how thoughtful Hewitt was and how well his plans always coincided with her wishes.

"Why can't men always carry on their business in this lazy, pleasant way?"

Hewitt laughed at the suggestion as Keith launched seriously into a lecture to Patricia on the importance of business.

Keith and Carol, real children of the city and strange to out-of-door activities, shambled along slowly and seemed to be clinging for dear life to the saddles, but Patricia, glad or her many canterings in the park in New York, rode easily, and noted that Hewitt was perfectly poised in his saddle.

"I feel quite like a part of a Bill Hart picture," Patricia chucked; "but there doesn't seem to be any villain around for me to be saved from."

"And you look like the Rue de la Paix, or at least a riding scene in the 'Follies,'" Hewitt observed gallantly.

"These old plains would have to brush up on the New York fashions if you were to stay long,

and I would have to send for a copy

of the what the well-dressed man

will wear when serving hard-boiled eggs on the desert to a lady fashion plate."

Their conversation, keyed to nonsense, rambled on and on with never a note of seriousness, for which Patricia was grateful. Why couldn't friendships always be like that, Patricia mused, weary of trying to drive herself to make a decision.

But after they had eaten the appetizing sandwiches and drunk the coffee in their little thermos lunch kits, and the others had wandered away in search of a spring where they could water the horses, Hewitt turned to Patricia and asked earnestly:

"What is your decision? Do we go on to Mexico tomorrow? There is no going back, you know, no real going back." You would never be happy again as you were. And I can offer you everything—money, position, endless devotion."

Patricia jumped to her feet angry that he should take advantage of

Pat was lying there unconscious.

AND CONSIDER THESE FACTS ABOUT

"E" BRAND SALT

Since salt forms the seasoning in practically all your food its purity is vastly important. An adulterated salt will taint every mouthful of food you eat. "E" BRAND SALT is MORE THAN 99 PER CENT PURE and as near perfect as modern improved methods can make it. When used for cooking it will not form a scum on the water as will salt that contains an adulterant. By a special treatment of the salt brine it is made free running without the use of any unwholesome ingredients. "E" BRAND SALT is always fine-grained, snowy white and highly savory.

"E" BRAND IODIZED SALT

This is simply "E" BRAND SALT with iodine added in the proportions advised by leading physicians. Since iodine is a preventative and remedy for goitre doctors in this locality where goitre is common, are urging its use. The iodine is not noticeable in any way.

It is the same clear, sparkling salt, with this health-giving element added. Use it just as you would any other salt.

D. E. CROW REINSTATED AS HEAD OF INFIRMARY

CIVIL SERVICE BOARD FAILS TO AFFIRM CHARGES

Superintendent Resumes Duties Immediately at Former Salary

D. E. Crow, suspended superintendent of the Greene County Infirmary, was reinstated Wednesday morning.

His reinstatement followed receipt here of the decision of the State Civil Service Commission vindicating the Infirmary head of ouster charges filed against him recently by the County Commissioners and heard by the civil service board at the Infirmary last week.

Rollin Swisher and William S. Bundy, members of the board, found evidence introduced at the hearing failed to support the charges of the commissioners. Mr. Crow resumed his duties at the institution Wednesday morning at his former salary of \$100 a month. He will be paid full salary also for the time he was under suspension and during the periods when, under order of the commissioners, he received only \$25 a month and only \$1 a month.

County Commissioners said Wednesday there would be no further action taken against the superintendent and no appeal would be made. Provisions of the decision of the board would be carried out, they said, and the superintendent relieved his temporary successor, M. S. Smith, immediately Wednesday on receipt of the decision.

The decision received by W. L. Miller, attorney for Mr. Crow, said: "This Commission, after careful consideration of evidence adduced in the hearing of the appeal of your client, Mr. David E. Crow, from the order of removal filed by the Board of County Commissioners of Greene County discharging him from the position of superintendent of the Greene County Home, disaffirmed the order of removal and directed that Mr. Crow be reinstated to the position of Superintendent of the Greene County Home at the former salary of \$100 per month." The decision was signed by the State Civil Service Commission, Frank W. Forsythe, secretary.

County commissioners placed Superintendent Crow under fire last October when they reduced his salary to \$25 a month in an effort to force his resignation. Shortly afterward a new resolution was passed, cutting his salary to \$1 a month. The commissioners passed another resolution dismissing Crow as superintendent of the institution December 29, but this move was halted by a restraining order obtained by the superintendent in Common Pleas Court.

County Commissioners then retained Attorney Harry D. Smith as counsel, there being no prosecuting attorney at the time. He withdrew the dismissal order and filed twenty-eight charges with the civil service board. The charges included seven specific charges covering four general charges of incompetency, inefficiency, dishonesty and neglect of duty.

The charges included mismanagement of the institution and the farm, giving away of foodstuffs, and other matters. They are being grown out of a report of the County Board of Visitors, following complaints of inmates, and were tabulated at a joint meeting of the visiting board with the commissioners when inmates were permitted to testify.

These inmates testified at the public hearing arranged for the civil service board while other inmates testified for the superintendent. Superintendent and Mrs. Crow who is chief matron, entered emphatic general and specific denials to all charges brought by the commissioners at the hearing.

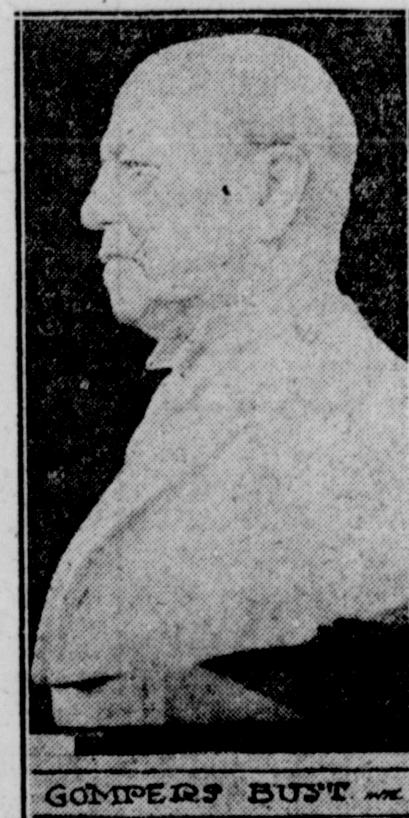

M. S. Smith, former superintendent, has been acting as superintendent during the time of suspension of the superintendent. He gave up the institution when Mr. Crow was reinstated Wednesday.

EDWARDS TRIAL WITNESS ADMITS PRISON STIGMA

Testimony Helps Defense In Effort To Perjure State's Case

Jersey City, N. J., Jan. 21.—Lionel Wilson, a treasury department agent, who said he saw \$3,800 paid to U. S. Senator Edward I. Edwards, Democrat of New Jersey, for thirty-eight cases of Scotch whiskey, admitted today under cross examination in the Weehawken rum ring trial here today that on one occasion he had been convicted of petit larceny. Counsel for the government, whose witness he is, announced that it was unknown to them when Wilson gave the testimony, that he had been convicted of such an offense.

The admission created surprise in the packed courtroom.

It was given just after court opened and when George T. Vickers, special government prosecutor, was about to sum up his case against the ten Weehawken policemen, William Griffin, accused as director of the alleged rum ring and another civilian, Harry Stearns, of Weehawken, who are on trial.

George Cutley of defense counsel, asked that the summing up be halted to permit him to question Wilson. The treasury agent took the stand. He admitted in answer to a query that he had been convicted on July 13, 1913.

"Were you NOT discharged for robbing coin boxes of the New York Telephone Company?" Cutley asked the witness and later put the question this way:

"Were you NOT discharged for robbing coin boxes of the New York Telephone Company?"

"That was in the complaint," Wilson responded.

"But you were discharged?"

"Yes."

Cutley then moved that the testimony of Wilson and Charles Burlut, another treasury department agent, concerning Senator Edwards, be stricken from the record and the jury be instructed to bring in a verdict for the defense.

The lawyer told the court that the grand jury should have known of the identity of Senator Edwards. Prior to the trial an "unknown man" was mentioned frequently in the evidence as one of the backers of the ring. The court overruled Cutley's motion.

DEATH CHEATS LAW OF VICTIM WHEN FOREST KENNEDY IS CALLED

Cedarville Wife-Slayer Dies Early Wednesday With Expression Of Sorrow On His Lips—Was Indicted For First Degree Murder Recently

Death cheated the law of its victim Wednesday morning when Forest Kennedy, Cedarville wife-slayer, indicted for first degree murder last week, died at his home in Cedarville.

Death resulted from complications which set in the wound he had inflicted over his heart January 3 in an attempt at suicide shortly after he had shot and fatally wounded his wife, Cloe.

Kennedy died shortly after 6 o'clock Wednesday morning. He was conscious until fifteen minutes before his death and his last words were an expression of sorrow for his deed. Cal Ewry, Cedarville Township constable, who has been a guard at the little home where the shooting took place was at the bedside when the man died.

Jealousy is believed to have prompted Kennedy to shoot his wife in the back at their home in Cedarville on the morning of January 3. The bullet pierced a lung and death took place the following day, after the woman had sent her forgiveness to her husband through the eldest child.

After shooting his wife, Kennedy turned the pistol on himself, inflicting a wound above the heart. Death was expected momentarily, but the man rallied and when it was believed he would recover, a special session of the grand jury returned a true bill against him for first degree murder. The day the jury acted, an abscess developed on the wound which hastened his death. The hand of death thus wrote a nolle to the indictment and removed the slayer from the jurisdiction of human courts.

The shooting culminated accusations by Kennedy that his wife was keeping company with other men, which the woman denied. She left her husband a few days before the shooting and had returned to the house to get the children, when he

refused to disclose the nature of the evidence he has obtained.

He said he will summon the jurors as soon as he completes his work of collecting information in the case. The special session which is expected to start in a few days will be restricted to consideration of the Sheatsley case, it was stated.

The grand jury which ended a twelve day session late Tuesday, returned 111 indictments. Those indicted include Mrs. Mary Poole, 60, Columbus, accused of obtaining over \$12,000 as loans from fourteen women by falsely pretending she owned valuable properties, and promising large profits.

Jos R. Weil, alias "Yellow Kid," on bond in Chicago, awaiting trial on several charges, was indicted on a charge of swindling Theodore D. Friend, Columbus broker, out of \$7,500.

Attorney George B. Medbury, Columbus, was indicted on a charge of obtaining \$100 from a client by falsely pretending he could obtain his husband's release from jail.

COMMITTEE OF SENATE TO ACT FOR GOVERNOR

Report of Guard Officers Said to Have Caused Investigation

An investigation of the administration of the Ohio Soldiers' and Sailors' Orphans' Home here will be started immediately by the Senate Committee on the institution, it was announced Wednesday in Columbus.

Announcement was made by Senator L. T. Marshall of this city, after the senate had received from Governor Vic Donahey a report made by a special investigating committee appointed by him. Senator Marshall is chairman of the home committee.

Although Superintendent Garver announced he had requested the investigation, it is actually said to have resulted from an informal probe made by two National Guard officers under the direction of the Governor. In submitting the report to the Senate, Governor Donahey said that in his opinion "the situation warranted a fuller and official investigation by a committee of one or both branches of the general assembly."

Senator Marshall announced the report submitted by the officers would not be made public until his committee has started its investigation.

The report, upon which the order for an investigation was issued, is said to contain several affidavits and statements bearing on the situation. The nature of the charges to be investigated, has not been divulged either by the governor or the committee chairman.

Superintendent Garver, asked for a statement Wednesday, reiterated a statement given out Tuesday night, in which he was quoted as saying that he had requested the investigation of the Home, following the filing of the report of the guard officers. He also said he asked for an investigation when conferring with Governor Donahey Tuesday afternoon.

Superintendent Garver said the affidavits were obtained from Xenia residents but that the officers never visited the Home. He declined to comment further on the situation other than that he welcomed the investigation, which was entirely in the hands of Senator Marshall.

Governor Donahey's secretary, over long distance telephone from Columbus, Wednesday, denied emphatically the truth of a report current here that the governor had asked Garver for his resignation. Tuesday afternoon.

The present superintendent was appointed four years ago under the regime of former Governor Harry L. Davis, and succeeded J. P. Elton as head of the institution. He is a Spanish-American War Veteran and Mrs. Garver, who is chief matron, is an ex-pupil of the institution.

DOROTHY ELLINGSON ARRAIGNED IN COURT ON MURDER CHARGE HAS HAIR NEWLY BOBBED

SAN FRANCISCO, Jan. 21—Dorothy Ellingson's battle for freedom was to be taken into court today.

The 16 year old girl, who killed her mother because she wanted to live her own life, was scheduled to face Police Judge Lazarus on charges of matricide.

The girl's father, Joseph Ellingson, will be the first witness and on his testimony probably will rest the fate of the girl. "I want her to hang," the broken father said a week ago. Since then he has forgiven and his statement that the girl's age is only 16, was expected.

This will automatically cause transfer of the case to juvenile court, where Dorothy will be arraigned tomorrow before Judge Murasky.

Her brother, Earl, visited Dorothy early in the day and brought her a basket of fruit and a bouquet of violets which she selected to wear from

the dozen other gifts of flowers sent by anonymous friends.

Alexander Moslin, San Francisco attorney, now in charge of the case, announced today that he had arranged for specialist in gland treatments to examine Dorothy. For the first time since the girl's arrest, a statement from the district attorney's office, showed the hand of the prosecution. It was declared that, should the girl select "mental illness" as her defense, a barrage of expert testimony would be available in contradiction to the claim that the girl did not know right from wrong.

Hundreds gathered in front of the Hall of Justice, and extra police officers were ordered out to handle the crowds.

Appearing to have regained the prettiness and vivacity which made her known in San Francisco's dance halls, as "Peppy Jazz Baby Dot," the girl carefully prepared for her new ordeal.

Think Slayers of Deputy Surveyor Held In Springfield

Springfield, O., Jan. 21—Vernon Farley, Hillsboro hardware merchant, here today identified Frank and Harold Barnes, in the county jail here as the men who killed H. P. McGill, Highland County deputy surveyor, and wounded Policeman Edward Lemon, Hillsboro, Tuesday.

The prisoners, who claimed they are not related, claim Cleveland as their home. They are expected to be returned to Hillsboro today. Farley who saw the shooting, said the prisoners are the men who were arrested for robbing his store.

A description of the automobile in which two bandits escaped Tuesday morning at Hillsboro after killing H. P. McGill, deputy county surveyor of Highland County and seriously wounding E. W. Lemon, night patrolman of Hillsboro, broadcast by radio Tuesday, enabled Greene County officials to find the murder car at Bowersville Tuesday noon and led to the arrest of two suspects in Springfield.

The two men, whose descriptions correspond with that furnished by Hillsboro authorities, drove up to the farm house of William Breakfield, near Bowersville, at 11:30 Tuesday morning and asked Breakfield to drive them to Springfield, claiming their machine had broken down.

Breakfield at first refused, but later complied with their request and accompanied by F. T. Stewart of Bowersville to take the men to Springfield by way of Clifton.

F. S. Stewart, garageman of Bowersville, on a visit to Breakfield's farm during his absence, noticed the abandoned car, and later heard a radio description of the car. Finding the descriptions tallied, Stewart communicated with Oliver Belden, secretary of the Greene County Auto Club, who noted Sheriff Morris Sharp.

Both went immediately to Bowersville and found Breakfield, who had returned from Springfield in the meantime. Questioning by Sheriff Sharp revealed the fact

BRYAN BEQUEST IS UP AGAIN-TO PROBE STATUS OF SISTER

The controversy over the John Bryan farm, in Clark County near Yellow Springs, which has caused much worry to two governors and is now in the hands of the courts, became the principal subject Tuesday in legislative halls.

Mr. Bryan's donation of his 500 acre farm two years ago, was accepted by the legislature which passed a bill of formal acceptance over Governor Donahey's veto. The donation was made with the provision that no religious gatherings be held on the property.

Tuesday the topic was revived by the introduction of a resolution by Representative Thomas L. Tallentire, Cincinnati, providing for an investigation of the liability of the Bryan estate to his sister, Mary V. Bryan, an inmate of Longview Hospital, Cincinnati. The special house committee was named investigators. In Bryan's will, which bequeathed the farm to the state, his sister was left only \$50.

An inquiry to be instigated by the special committee of three appointed by Speaker Silver would seek to ascertain the value of the John Bryan Natural History Reserve as it is known, the condition of Miss Bryan, and the "legal and moral obligations, if any, incurred by the State of Ohio to Mary Bryan, by the acceptance of the gift of the 500-acre tract of land."

NEW COD LIVER OIL TASTES LIKE COCOA

After five hundred experiments in America's largest laboratories, there has been perfected cod liver oil in a new easy-to-take form, with the taste of rich cocoa. In Coco Cod, as the preparation is called, all cod liver oil taste is absent, and instead you find a delightful cocoa flavor.

Adults who have denied themselves the blood-building, nerve-strengthening elements of cod liver oil need do no longer. And, what is more, Coco Cod contains no contraries, from those vital, invigorating properties (vitamines) which our modern food lacks.

Doctors are prescribing Coco Cod, not alone for men and women who are ill, but for those who are indeed healthy. And it is astounding to learn that fully forty percent of local people require actual feeding. The food they eat does not nourish (just as ashes do not feed a fire); they feel tired after the least exertion, and are only half alive.

Coco Cod makes strong, rich, red blood and iron nerves; it makes you feel alive in every fiber, and causes you to enjoy life to the fullest as you were meant to enjoy it. Ask your doctor or neighborhood druggist about Coco Cod. All druggists have it.—Adv.

TWO PAPERS READ AT JUNIOR CLUB

Members of the Junior Woman's Club were favored with two unusually interesting papers at the meeting held at the home of Mrs. W. H. McGervey, East Second Street, Tuesday afternoon.

Mrs. W. W. Weaver of Cleveland, member of the club was a guest at the meeting, and her annual paper was a feature of the afternoon. She handled her subject "Shelley's Portrait of Keats—their friendship and their poetry" in a charming manner.

Equally interesting was the paper presented by Mrs. W. R. Harner on "Famous English Portrait Painters and their Models."

Two more papers were the main features of the afternoon, a large number of women attending the meeting.

The club will meet in two weeks at the home of Mrs. B. R. McClellan.

MISSIONARY GIVES TALK TO LOCAL SOCIETY

Miss Euretta Meredith, missionary from the Methodist Church to Peru, South America, who is spending her furlough with her parents, Mr. and Mrs. Edward Meredith near Yellow Springs, gave a splendid address on the mission field before the members of the Young Women's Missionary Society of the Second U. P. Church, at the meeting held at the home of Mrs. James Wagner, on North Detroit Street, Saturday afternoon.

Miss Meredith illustrated her talk with costumes from South America, pictures and articles which she brought home.

Sixteen young women enjoyed the meeting, a social hour following the address. Mrs. Wagner was assisted by Mrs. J. Robert Bryson, who led the devotions.

McGERVEY CLASS MEETS MONDAY NIGHT

Despite the inclement weather of Monday night, fifteen members of the McGervey Class of Trinity M. E. Church and seven visitors attended the meeting at the home of Mrs. Lester Buell on East Church Street.

The devotions were led by Mrs. Charles Davis. Each member gave a personal New Year's resolution and then suggested one for the class to adopt in the year's work. The class will attend the evangelistic services being held by Trinity and First M. E. Churches, the next two weeks, at the First church, Monday evening, February 2. The class is to meet in the church vestibule at 7:15 that evening.

A letter was read at the meeting from Mrs. A. J. Chatfield, thanking the members for their Christmas gifts for needy children.

Mrs. Buell served a refreshment course, assisted by Mrs. Edward Meahl, Mrs. Wilbur Weaver, Mrs. Emery Beal and Mrs. J. W. Matthews.

CLUB MEMBERS AT SURPRISE PARTY

Mrs. Robert Shaw entertained the J. S. Club at her home in the Messenger Apartments, Saturday evening, honoring Mr. Shaw's birthday.

The guests assembled at the Shaw home while Mr. and Mrs. Shaw were at the theater, thereby staging a complete surprise on Mr. Shaw.

Games and contests were enjoyed, the prizes being won by Mrs. Hugh Barnes, Mrs. Robert Marshall, Mr. Homer Mansfield and Mr. Charles King.

Mr. Shaw was presented a lovely gift by the club members. Late in the evening ice cream and cake were served.

BAPTIST MISSION MEETING TUESDAY

Mrs. Carl Van Horn entertained the women at the missionary meeting of the First Baptist Church, at her home on South Detroit Street, Tuesday afternoon at 2 o'clock.

A good attendance marked the afternoon. Mrs. C. L. Ganger of Dayton, gave an interesting talk on China. After the meeting a delicious course of refreshments was served by the hostess.

ENTERTAIN AT CARDS

Mrs. Charles A. Kieble and Miss Gladys Kieble entertained guests for three tables of five hundred at their home on West Church Street, Tuesday afternoon.

After cards a sumptuous refreshment course was served.

Mr. and Mrs. Clarence Schmidt of Springfield are the parents of a daughter born at the Springfield City Hospital, Tuesday afternoon. The child will be named after her two grandmothers, Mary Ella Nora. Mr. Schmidt is the son of Mr. and Mrs. H. E. Schmidt, North King Street.

The Rev. C. P. Proudfoot, pastor of the Second U. P. Church, returned Tuesday night from Pittsburgh, Pa., where he went Monday to attend a meeting of the General Council.

KARL R. BABB RE-ELECTED HEAD OF SOCIAL SERVICE LEAGUE TUESDAY AT MEETING; REV. TURLEY SPEAKS

The meeting of Neighbors Social Club of Collins School has been postponed from Friday, January 25, to Thursday night, January 29.

Mrs. L. Steinels, who was stricken with paralysis several weeks ago was taken suddenly worse a few days ago and her condition is thought to be critical.

Vice-presidents elected at the meeting are: Dr. B. R. McClellan,

Mr. and Mrs. Lawrence Ferguson of this city, are the parents of a daughter, born Wednesday morning at the home of Mrs. Ferguson's father, Mr. John A. St. John, near Xenia.

Dr. A. B. May of Des Moines, Ia., has arrived in Xenia and entered the office of Dr. J. A. Yoder, Steele Building, to assist Dr. Yoder in the practice of osteopathy in Xenia and Greene County. Dr. May's wife and child will join him here next week. He is a graduate of the S. S. Still College of Osteopathy at Des Moines, and has had experience in that city, where he was associated with Dr. S. L. Taylor.

Mrs. A. J. Chatfield, East Market Street, has been ill for several days with a severe attack of grip, but is recovering.

Employees of the Hutchinson and Gibney Company enjoyed dinner in the store basement, Tuesday evening. The menu was followed by an informal social evening.

Mr. Michael Rachford of Center St. returned home this week from St. Elizabeth's Hospital, Dayton, where he has been taking treatment. He is improved.

FOUR ARRESTED IN ROUND UP OF AUTO PLATE VIOLATORS

Four arrests were made by police Wednesday for violation of the state law which declares that all motorists operating machines after January 20 who have not yet purchased 1925 license plates are subject to arrest and fine.

The time limit expired at midnight Tuesday and Patrolmen Fred Jones and Peter Shagin began making arrests Wednesday morning.

Those arrested were Ray Augustus, E. D. Wibagh, Harold Sanders and Carl Schuinn, who were required to pay a fine of \$1 and costs which totalled \$3.40 by police judge E. D. Smith.

Nearly 3,500 automobile licenses have been sold, according to Oliver Belden, deputy registrar for Xenia, who declared that he has almost 800 of the new plates left to be sold. This means, he said, that there are about 800 motorists in Xenia who have failed to procure the 1925 tags.

Sale of the tags will continue as usual but motorists are warned not to delay in making their purchases, as arrests are expected to be frequent for a time until all motorists are so equipped.

No extension of time during which 1924 plates may be used has been granted.

The annual business meeting of the league was held in the Jean B. Elwell auditorium, after the banquet. President Babb acted as chairman.

Covers for between 225 and 250 people, were laid at the banquet, served by Mrs. Pearl Wolf, manager of the Central High School cafeteria. The tables were prettily decorated with flowers and lighted tapers and a delicious two course dinner was served.

The new cream container, in addition to providing greater space for keeping ice cream on hand, eliminates the packing of the cream with ice, since the container is kept automatically cool by the electric Frigidaire system, for mechanism has been installed in the store basement.

The new fixture also increases the fountain capacity.

A true democracy means that everyone contributes his best to the good of the community," the speaker declared. It means that every man and woman is respected what every his station, creed or ethics may be.

"A true democracy combats social prejudices, injustices, and hatreds. It seeks to promote good will in a community," he said.

TOTAL ECLIPSE OF SUN TO BE VISIBLE HERE JANUARY 24

January 24, 1925 will occur a total eclipse of the sun in the most densely populated part of the U. S. and Canada. An eclipse of the sun takes place when the moon, in its path around the earth, comes directly between the earth and the sun. On this date the sun will be wholly obscured over a narrow strip of territory lying between Duluth, Minn., and New Haven, Conn. The total eclipse begins at sunrise just east of Red Lake northwest of Duluth. The initial width of the eclipse track will be about eighty-five miles. As it moves eastward at the speed of thirty miles a minute the belt of totality will gradually widen until it is about 115 miles wide when it reaches the Atlantic Ocean. The dark band will then speed across the ocean until it is lost at sunset near the Shetland Islands.

The center of the path of totality will pass over Escanaba, Mich., Buffalo, N. Y., and New Haven, Conn. Anyone located within 40 miles of a curved line drawn through these points will be able to see the total eclipse, if the sky is clear. Totality begins a few minutes after 9:00 a. m. Eastern Standard Time and will last only two minutes at New Haven while it will be over in less than half of a minute at Duluth.

If the sky is clear more than ten million people living in the eclipse track will be given an opportunity to observe the grandest of all natural phenomena. Since anyone place on the earth has a total eclipse of the sun on the average of once in 360 years, everyone in this part of the country should see this eclipse if it is at all possible. Only four total solar eclipses will be visible in the U. S. in the next century.

Outside of the path of totality the eclipse will be seen only in its partial phases. At Cleveland it will be 97 per cent, at Toledo 96 per cent at Columbus and Newark 94 per cent at Athens 92 per cent, and at Cincinnati 91 per cent total.

A United States Army air plane will race the shadow of the moon partly across New York State. Photographs of the sun's flaming corona will be taken by a specially designed camera. Several other planes as well as the dirigible Shenandoah and Los Angeles will probably be used to observe the eclipse.

The Scientific American has invited radio fans located in and near the path of totality to make a study of the shadow as far as it affects receiving conditions. Radios will play a leading part in the study of this eclipse. It is possible that some change may be noted in magnetic and electric conditions of the earth. Static may be affected during the eclipse.

In 1923 during the total eclipse of the sun visible in California radio listeners noticed some peculiar fading and strengthenings of signals.

Radio fans may find out more about the eclipse by tuning on Wednesday evening at nine o'clock, January 21, WTAM Cleveland, Ohio, at which time Prof. O. L. Dushheimer's lecture on "The Solar Eclipse of January, 1925" will be broadcasted from the Plain Dealer Studio.

The Cleveland Astronomical Society is sponsoring a special train to go to Buffalo, leaving Cleveland at 6:25 P. M. January 23, in order that the eclipse may be seen in the belt of totality. Those interested in making this trip may make reservations through Prof. Dushheimer, Baldwin-Wallace College, Berea, Ohio.

WHO'S WHO AND WHAT'S HAPPENED

PATRICIA CLEVE has become estranged from her husband.

ANDREW CLEVE, who seems to feel that his young wife exists only to help entertain his business friends. He goes abroad, after Patricia has insisted that she will live differently or leave him. She visits her sister.

CAROL WILLOUGHBY, and finds herself enrolled to help Carol's husband.

KEITH WILLOUGHBY, in his efforts to interest

GREGORY HEWITT, a famous financier, in his affairs. Hewitt falls in love with Patricia, and for Keith's sake she cannot refuse to join a western camping trip arranged by him.

TODAY'S INSTALMENT

XL—FATE TAKES A HAND

IT was an ideal day for riding, and as the four of them started out on the sure-footed ponies, Patricia noted with pleasure that lunch bags had been strapped on the saddles.

"What a glorious day for a picnic," she remarked, noting as usual how thoughtful Hewitt was and how well his plans always coincided with her wishes. "Why can't men always carry on their business in this lazy, pleasant way?"

Hewitt laughed at the suggestion as Keith launched seriously into a lecture to Patricia on the importance of business.

Keith and Carol, real children of the city and strange to out-of-door activities, shambled along slowly and seemed to be clinging for dear life to the saddles, but Patricia, glad or her many canters in the park in New York, rode easily, and noted that Hewitt was perfectly poised in his saddle.

"I feel quite like a part of a Bill Hart picture," Patricia chucked: "but there doesn't seem to be any villain around for me to be saved from."

"And you look like the Rue de la Paix, or at least a riding scene in the Follies," Hewitt observed gallantly. "Those old plains would have to brush up on the New York fashions if you were to stay long, and I would have to send for a copy of the what the well-dressed man will wear when serving hard-boiled eggs on the desert to a lady fashion plate."

Their conversation, keyed to nonsense, rambled on and on with never a note of seriousness, for which Patricia was grateful. Why couldn't friendships always be like that, Patricia mused, weary of trying to drive herself to make a decision.

But after they had eaten the appetizing sandwiches and drunk the coffee in their little thermos lunch kits, and the others had wandered away in search of a spring where they could water the horses, Hewitt turned to Patricia and asked earnestly:

"What is your decision? Do we go on to Mexico tomorrow? There is no going back, you know, no real going back? You would never be happy again as you were. And I can offer you everything—money, position, endless devotion."

Patricia jumped to her feet angry that he should take advantage of

Pat was lying there unconscious.

stretched her feet out until a cry escaped her.

"Stop, stop," she begged of him. "It's there, my right foot. Oh, I can't stand it, the pain—"

She sunk back into his arms, her face pallid and a dead.

"Must be a break," Hewitt told the others in curt anxiety as they came up; "or a bad sprain, anyway. Ride over there toward the road Carol as fast as you can. It's about time for the men to be coming back with the wagon of supplies. Tell them to wait. Keith and I will carry Pat there."

Pat was only vaguely conscious of what was happening to her. Occasionally she regained consciousness only to find herself being carried along toward some unknown destination. Then she felt the strong, steady hands loosen under her and a bumpy jerky wagon take their place, but always she was conscious of a stern, anxious voice cautioning the driver to hurry, but to make the journey as smooth as possible. Later there was a strange house—a sort of cabin—and new voices. "She was thrown from her horse," she heard in explanation, and then no more until the firm hands of a doctor seemed to reach down and straighten the tangled mass of bones in her foot.

And though she dimly heard the soothing voice of Hewitt trying to comfort her, she realized then that it was not his she wanted to hear.

AND CONSIDER THESE FACTS ABOUT

"E" BRAND SALT

Since salt forms the seasoning in practically all your food its purity is vastly important. An adulterated salt will taint every mouthful of food you eat. "E" BRAND SALT is MORE THAN 99 PER CENT PURE and as near perfect as modern improved methods can make it. When used for cooking it will not form a scum on the water as will salt that contains an adulterant. By a special treatment of the salt brine it is made free running without the use of any unwholesome ingredients. "E" BRAND SALT is always fine-grained, snowy white and highly savory.

"E" BRAND IODIZED SALT

This is simply "E" BRAND SALT with iodine added in the proportions advised by leading physicians. Since iodine is a preventative and remedy for goitre doctors in this locality where goitre is common, are urging its use. The iodine is not noticeable in any way.

It is the same clear, sparkling salt, with this health-giving element added. Use it just as you would any other salt.
